Indigita wins the "Overall IT Solution Provider" Accolade at the WealthBriefing Swiss EAM Awards 2024

Geneva, 7 March 2024 - **Swiss regtech company Indigita SA has been honored with the prestigious title of "Overall IT Solution Provider" at this year's WealthBriefing Swiss EAM Awards, solidifying its position as a trusted regulatory technology provider in Switzerland.**

The Fourth Annual WealthBriefing Swiss EAM Awards, held on 6 March at the Park Hyatt hotel in Zurich, showcased Indigita's exceptional performance in the regulatory technology domain, particularly in the "Overall IT Solution Provider" category. This recognition underscores the company's outstanding market presence and its adeptness in meeting clients' diverse needs.

This accolade signifies the financial industry's acknowledgment of Indigita's mission to support banks and external asset managers (EAMs) in conducting business compliantly worldwide. The company brings a distinctive blend of integrated cross-border and regulatory knowledge from BRP Bizzozero & Partners SA and BRP Tax to the digital landscape, covering private banking and asset management services, credits, product placement, investment appropriateness, tax suitability, and tax treatment. Indigita's suite of solutions comprises stand-alone web-based applications, integrated APIs, and interactive e-Learning courses recognized by the Swiss Association for Quality (SAQ). Indigita's e-Learning catalogue offers a variety of topics from Introduction to Digital Assets, Anti-Money Laundering (AML), and Market Abuse to comprehensive ESG training programs. To make e-Learning solutions more accessible for EAMs, Indigita launched a web shop: e-shop.indigita.ch.

The win is also attributed to a remarkable year marked by Indigita's strategic partnerships and the introduction of innovative features. Significant collaborations and partnerships established last year have enabled Indigita to enhance portfolio suitability by providing alternative fund share classes, aligning with product registration requirements. Furthermore, the company's advancements now encompass the provision of private placement exemptions for various asset classes, along with the seamless integration of sanctioned securities into its flagship product, inApp, tailored to client-specific needs.

The selection process for each category is rigorous, with winners chosen by a distinguished panel of judges. Designed to acknowledge outstanding organizations demonstrating innovation and excellence in the past year, the 2024 awards highlight the 'best of breed' in the Swiss region across various specializations and geographies.
