Indigita named “Best Compliance Solution – External Supplier” at WealthBriefing Swiss EAM Awards 2022

Geneva, 07 March 2022 - **Swiss regtech company Indigita SA, a member of BRP Group, has won the accolade for “Best Compliance Solution – External Supplier” at this year’s Annual WealthBriefing Swiss External Asset Management Awards. The win reflects Indigita’s successful work over the past years in creating an industry standard for automated cross-border compliance and suitability solutions.**

The Second Annual WealthBriefing Swiss EAM Awards 2022 took place at the Park Hyatt hotel in Zurich and have been designed to recognise outstanding organisations in the Swiss region, which a prestigious panel of independent judges deemed to have “demonstrated innovation and excellence during the last year”.

Indigita CEO Achille Deodato said about the company's success: “We’re honoured to join the ranks of a distinguished global group of companies, who have won a WealthBriefing Award. This accolade highlights the value we create for wealth managers and other financial institutions by simplifying and automating cross-border compliance amid an increasingly complex regulatory environment. The win further underscores our success as a dynamic and growing company, which acts as a true game changer in the compliance field. The award spurs us on to build on this success and continue to increase the benefit we deliver to our clients.”

Each of the award categories is highly contested and is subject to a rigorous process before the ultimate winner is selected by the judges. The WealthBriefing Swiss EAM Awards are part of a global programme run by WealthBriefing and its sister publications WealthBriefingAsia and Family Wealth Report, encompassing all of the world’s major wealth management centres.

ClearView Financial Media’s CEO, and Publisher of *WealthBriefing*, Stephen Harris, was first to extend his congratulations to all the winners. He said: “The organisations and individuals who triumphed in these awards are all worthy winners, and I would like to extend my heartiest congratulations to the winners and to those who have put so much work into each winning submission.

These awards were independently and expertly judged solely on the basis of entrants’ submissions and their response to a number of specific questions, which were answered by focusing on the client experience rather than purely quantitative performance metrics. That is a unique, and I believe, compelling feature. These awards recognise the very best operators in Swiss wealth management, with ‘independence’, ‘integrity’ and ‘genuine insight’ the watchwords of the judging process - such that the awards truly reflect excellence in Swiss wealth management.”
